

2019 ConocoPhillips Lecturer in Chemical Engineering Education

Dr. Stephanie Farrell

Interim Dean of the Henry M. Rowan College of Engineering
Professor & Founding Chair
of the Experiential Engineering Education Department
Rowan University

The ConocoPhillips Lectureship in Chemical Engineering Education, organized by the School of Chemical Engineering at Oklahoma State University, recognizes those who have distinguished themselves in chemical engineering education. The lecture series has become a prestigious event, which has helped establish OSU as a national leader in undergraduate ChE education. OSU is grateful to ConocoPhillips for their sustained partnership in making the seminar series possible and to the lecturers who have contributed substantially to ChE education.
