

Chemical Engineering – A new range of 'hands-on' teaching equipment

Yesterday, laboratory teaching rigs had to be large, expensive and difficult to set up. Today, smaller scale, easy-to-use, self-contained cheaper apparatus is available *with* greater educational value.

Technovate offers a full range:

- Mass Transfer ● Reaction Engineering ● Unit Operations

Ask us for more details of our equipment

CEK Liquid Mixing

CEL Fixed & Fluidised Beds

CEM Liquid Phase Chemical

Stirred Tank Reactor

CEN Solids Handling Bench

CEP Dynamics of Stirred Tanks

CERa Gaseous Diffusion

CERb Liquid Diffusion

CES Wetted Wall Column

CET Tubular Reactor

CEV Multi-stage Mixer/Settler

UOP1 Climbing Film Evaporator

UOP2 Double Effect Evaporator

UOP4 Solid-Liquid Extraction

UOP5 Liquid-Liquid Extraction

UOP7 Gas Absorption Column

UOP8 Tray Drier

* Write also for our full range in Fluid Mechanics and Heat Transfer
