

For some people, the good life doesn't begin at five p.m. And it's not measured in vacations and weekends. Rather, it wakes up with them every morning. It moves with them as they go about their tasks.

These people work in an atmosphere of growth without constraint. They set their own goals based on their own abilities. They use their own judgment in helping to solve problems that directly affect their own lives. Like assuring an ample food supply. Ridding the environment of pollution. Curing disease.

Because life is fragile, these people believe it needs protection.

That's one reason they chose a career with Dow. We need more people who think along these lines and have backgrounds in science, engineering, manufacturing and marketing.

If you know of students who are looking for employment with enough meaning for their talents and enthusiasm, have them contact us. Recruiting and College Relations, P.O. Box 1713, Midland, Michigan 48640.
