

energy

The energy to keep straining toward your chosen goal—and even as you attain it, look forward to the ones beyond.

The energy to explore, evaluate, create, bring needed changes.

Energy to burn, figuratively—that wealth possessed by the young, in mind no less than body.

Energy to burn, literally, because ideas—freedom, equality, well-being, conservation of our natural environment—must be turned into realities—food, shelter, warmth, access, economic independence and the physical means to accomplish our goals. Atlantic Richfield is an energy company—in all these ways. One of the nation's thirty leading industrial corporations, and one of the ten companies producing most of our energy needs, with a strong position in diversified chemical products as well as in oil and gas.

A young company still extending its boundaries as it joins the efforts and resources of the Atlantic, the Richfield and now the Sinclair Oil Companies. Aggressive and imaginative in management. Flexible in organization and operation. Open to fresh thinking. Responsible in outlook. Offering new opportunities to financial and systems analysts, accountants, auditors, engineers, geologists, geophysicists, sales representatives, agronomists and programmers.

We invite your interest. See our representative on campus or your Placement Director.
