

**That Shell has a reputation  
for constant pursuit of excellence  
in research and operations,  
and for growth in diverse fields,  
is indicated by this fact:  
In each of the past two years,  
about 10 per cent  
of all graduating  
PhD chemical engineers  
available for work in U.S. industry  
have elected to join  
the Shell Companies.**
