## EDUCATOR PROFILES

---

### *CALL FOR NOMINATIONS*

Do you know an educator who has had a sustained impact in the chemical engineering community? **Nominate** that person for a *Chemical Engineering Education* (CEE) Educator Profile. Educator candidates should have participated in the classroom education process and have been engaged in education activities (post-degree).

**To nominate an educator,\* email a document with the following information to [cee@che.ufl.edu](mailto:cee@che.ufl.edu):**

1. Name and affiliation of the person being nominated.
2. Name and contact information for the nominator.
3. Three reasons why the nominator feels this individual should be profiled by CEE. This information should be on a separate page from the contact information, and it must be no more than one page in length. Only the first page will be considered.

*\*It is expected that if you are nominating a person, you will serve as the author on the profile or will work with the Profiled Educator and CEE Editorial Staff to identify an author.*
