New Math?

No-new Sun!

The 48-year-old Sunray DX and the 82-year-old Sun Oil companies are now joined to form a moving, swinging company 1 year young and 2 billion dollars big.

It's a whole new ball game—oil

game, if you will. Sun's re-structured management is young, bold, concerned. We're deeply involved in planning explorations; product research, development and improvement; advanced manufacturing; and new concepts of marketing and management.

You might like to work for a company like Sun. Contact your Placement Director, or write for our new Career Guide. SUN OIL COMPANY, Human Resources Dept. CED, 1608 Walnut Street, Philadelphia, Pa. 19103.
