

FAURJ

The Florida Atlantic Undergraduate Research Journal (FAURJ) was established through the Council of Scholarship and Inquiry, a registered organization of FAU's Office of Undergraduate Research and Inquiry. FAURJ is published each spring. Publication in the FAURJ is a year-long process that is possible through the efforts of our volunteer reviewers, contributing student authors, and dedicated co-editors. FAURJ expands the culture of undergraduate research and inquiry at FAU by showcasing student research across all disciplines.

Please follow the QR code below to the Office of Undergraduate Research and Inquiry for more information.

"I could either watch it happen or be a part of it."

- Elon Musk
