
COASTAL PHOTOGRAPH BY FLORIDA BUREAU OF
TOURISM PUBLICITY

PHOTO 68. Almost all of Florida's 2,000 km of sandy beaches are located on barrier islands such as Clearwater Beach on the Gulf of Mexico. Bridges connect many of these beaches to the mainland. There are more than 4,000 islands, many of which are uninhabited. (Photograph by Division of Tourism, 107 West Gaines Street, Tallahassee, FL 32301).
