

Errata et Corrigenda

D.L. Inman and R. Dolan, 1989. The Outer Banks of North Carolina: Budget of sediment and inlet dynamics along a migrating barrier system. *Journal of Coastal Research*, 5(1), 193-237.

These errata were introduced after the galleys were proofed by the authors.

[Editorial Note: The publication of this statement was requested by the authors]

p. 208, for last line in second column *read* This relation is known as Bruun's rule (e.g. SCHWARTZ, 1967; HANDS, 1983). The volume ...

p. 227, for middle of second column *read* where $q' \equiv Z$ is the volume-equivalent factor (m^3/m^2) defined in equation (3.1b). Note that the direction the mass moves relative to the moving flux-plane determines the sign of Q_f .
