
**COASTAL PHOTOGRAPH BY DAVID M. BUSH,
E. ROBERT THIELER, AND ORRIN H. PILKEY**

PHOTO 115. Dunes and buildings at this location eroded at about the same rate in Hurricane Gilbert, September 1988. This photo from the north coast of the Yucatan peninsula, Mexico shows the natural dune line essentially lined up with surviving sections of houses. (Photo: David M. Bush, E. Robert Thieler, and Orrin H. Pilkey, Program for the Study of Developed Shorelines, Department of Geology, Duke University, Durham NC 27708).
