The Journal of Nematology (ISSN 0022-300X) is published quarterly (with an annual supplement) by the Society of Nematologists. Periodical postage paid at Marceline, MO and additional post offices. **Postmaster:** Send change of address to Society of Nematologists, P.O. Box 311, Marceline, MO 64658. E-mail: socnema@yahoo.com. Inquiries concerning subscriptions, availability of back issues, membership in the Society of Nematologists, and changes of address should be sent to the same address. For this and other information, visit the Society's website: <http://www.ianr.unl.edu/son/>.

Mention of a pesticide, cultivar, or commercial or proprietary product does not constitute a recommendation or an endorsement of its use by editors, author(s), their institutions, or the Society of Nematologists. Authors are responsible for statements made in the Journal and Supplement, whether of fact or opinion.

Printed by The Sheridan Press, 450 Fame Ave., Hanover, PA 17331. The Journal is indexed by Kathleen K. Leabo, Port Lavaca, TX.

COVER—LT—SEM micrograph of a female sting nematode, *Belonolaimus longicaudatus*, with attached endospores of S-1 strain *Pasteuria* sp. that was frozen alive onto a Kimwipe tissue. The nematode was isolated from soil from around the roots of bermudagrass turf at the Ft. Lauderdale Research and Education Center, University of Florida, Davie, Florida. Photograph by William P. Wergin. (Article begins on page 227 of this issue.)
