

1997 Annual Meeting of CSE

The annual meeting of the Center for Systematic Entomology will take place at the Adam's Mark Hotel, Daytona Beach, in early August. The meeting will be held in conjunction with the annual meeting of the Florida Entomological Society. The CSE meeting will consist of a symposium (see below) followed by a business meeting. The date will be 5 August. A reduced registration fee of \$20 payable to FES on site will allow amateur entomologists (those who do not earn their living at entomology) to attend the entire FES meeting (4-7 August) but will exclude banquet tickets (evening of 6 August). Professional entomologists and members of FES are expected to pay the full registration fee.

Symposium on Systematics for CSE/FES

Dedicated to Ross Arnett

Program

Part 1. 1:15 - 3:15 pm

- Woodruff, R.E. Emeritus Entomologist, Florida State Collection of Arthropods, and former President, Center for Systematic Entomology. Where have all the species gone? The amber record.
- Van Tassell, E.R. Dept. of Entomology, Michigan State University, East Lansing, MI 48824. Fitting behavioral and bionomic data into cladistic analysis: Coleoptera, Hydrophilidae, *Berosus* spp.
- Kovarik, P.E. Dept. of Entomology, Florida A&M University, Tallahassee, FL 32307. Cladistic analysis - the devil's in the detail.
- Welbourn, W.C. Florida State Collection of Arthropods, Florida Depart. of Agriculture and Consumer Services, P.O. Box 147100, Gainesville, FL 32614. Mite Systematics: problems and promise.
- Conn, J.E. Dept. of Biology, University of Vermont, Burlington, VT 05405. Population genetics, gene flow, and species boundaries in Neotropical Anopheline malaria vectors.
- Aldrich, J.R., USDA-ARS, Insect Chemical Ecology Laboratory, B-007, Agricultural Research Center West, Beltsville, MD 20705. Pheromone-based chemotaxonomy in true bugs?

Part 2. 3:30 - 5:30 pm

- Miller, J.Y. Allyn Museum of Entomology/ Florida Museum of Natural History, 3621 Bay Shore Road, Sarasota, FL 34234. Permits and the potential impact on future international research.
- Cave, R.D. Depto. de Protección Vegetal, Escuela Agrícola Panamericana, Apdo. Postal 93, Tegucigalpa, Honduras. Insect collections, inventories, and permits in Honduras.
- Thomas, M.C. Florida State Collection of Arthropods, Florida Depart. of Agriculture and Consumer Services, P.O. Box 147100, Gainesville, FL 32614. Permit issues and other regulations for the transport of biological specimens.
- Panel Discussion on laws and permitting as they affect collecting, import, and export of Arthropods.
